

Enhanced Foster Care Opportunities

For an adolescent facing challenging times, having someone they can turn to can make all the difference. Can you see beyond the hurt, anger and disappointment and be there for a teen through the ups and downs of growing up?

Peel Children's Aid is seeking Foster Care Practitioners who are dedicated to supporting youth (ages 11-18) who are facing challenges such as attachment issues, addictions and depression.

Working within a clinical team of therapists, psychologists, social workers and child and youth workers, foster care practitioners provide an advanced level of parenting and mentorship within their own home on a 24 hour basis.

This position will be of interest to those who have experience as a Child and Youth Worker, Early Childhood Educator, Social Worker, or have residential experience.

You will need:

- Experience fostering with a private agency, children's aid society or within a group home setting
- Proven expertise working with teens in a parenting role
- Proficiency in behaviour management techniques and in child development

Benefits include:

- a tax free per diem - \$100/day
- allowances for the foster child's expenses
- working within your own home in the Peel region
- enhanced ongoing training
- paid relief

Stand by someone when others have given up.
